Submission guidelines

In preparing articles for submission to Misan Journal for Physical Education Sciences , authors must follow the following guidelines:

Manuscript

Submitted manuscripts should not be previously published or simultaneously submitted to another journal. Manuscripts must be double-spaced with 14-point font and 1-inch margins typed on A4 papers. Four copies of the manuscript must be submitted .Authors will receive manuscript acceptance, revision or rejection letters in around three months. Authors asked to revise have a three-month period to submit their revisions. Authors whose manuscripts have been accepted for publication must submit a (CD) of the manuscript. All articles must include an abstract of 100-150 words typed on a separate page, in two languages. The manuscript should include an introduction (not more than 3 pages) that establishes the purpose and importance of the research. Literature review should not exceed 2 pages. Discussion of results should not be more than 10 pages to be followed by conclusion(s) and recommendations. References should be cited and numbered.

The title must be written in the middle of the page (bold 16-point font) with no subtitles.

Author info: Author name(s), (including middle initials), credentials of author(s) including position titles and institutional affiliations must be clearly typed.

Figures and tables: Graphic elements (e.g. photos, tables, line art, charts) must be identified in the text with consecutive numbers. A brief caption must be provided for each figure at the end of the manuscript text. The journal welcomes comments on or revisions of published articles in the journal.
